

Immigration & Checkpoints Authority

NOTIFICATION

This Notification serves to remind you to take extra care of your replacement Singapore passport. The loss of a Singapore passport is a serious matter, as it may fall into the wrong hands and may be used by unauthorized persons to assume your identity and engage in illegal transactions.

The passport which was reported lost has been cancelled with immediate effect and cannot be used for traveling even if recovered subsequently. Should you recover the lost passport, you must surrender it to ICA personally within 14 days.

Failure to surrender a recovered lost passport to ICA within 14 days or use of a lost passport (which has been cancelled) to travel is punishable by law.

If you lose your passport again, you can be denied passport facilities.
